## Nicaragua Hopes for Amity

United States Approves Plan as Diaz Gives Pledge of Safety to Liberals

Rebel Army Chief Sought for Conference on Matter; Marines Spread Out

MANAGUA (Nicaragua), Feb. 28. (AP)—A definite movement for peace in Nicaragua was launched here today with tacit approval of the American authorities and assurances from President Diaz, head of the Conservative government, that he will grant safe conduct to the Liberals through the conservative lines.

Three prominent native Nicaraguans—a two Liberals, adherents of the Somoza party, and one a neutral—accompanied by an American marine and a navy officer left here yesterday for Managua, en route to the rebel army headquarters in search of Gen. Moncada, commander of the Liberal military forces, who is believed to be in the Matagalpa region. He will be told the existing situation by members of his own party and by the neutrals, and his opinion and ideas will be ascertained. He will be given the opportunity to take steps which would result in peace for Nicaragua.

This plan took definite shape today.

MARINES RETURNED FIRE  
WASHINGTON, Feb. 28. (Exclusive)—American marines guarding a troop train running between Chinandega and Leon on the Nicaraguan Railroad, who were fired on yesterday returned fire. Secretary of the Navy Willbur

announced today that the cablegrams received today by Secretary Willbur from Rear-Admiral Latham carried the information that a new treaty should be neutralized and that marines arriving at Managua had been received with enthusiasm. Granados and Masaya are a town ordered occupied by marines.

The 350 marines ordered to Granada, consisting of a rifle company and a machine-gun company, have been ordered to patrol the railroad between that city and Managua.

Reports from Managua that Great Britain was contemplating recognition of the Nicaraguan government of Solis Diaz were met at the British embassy today with the statement that it was informed that the British government had recognized Diaz simultaneously with the United States.

State Department officials did not respond to a reporter's question whether the British government had canceled the Diaz regime, as saying that it was necessary Great Britain will recognize the Diaz regime, for the official reports show that Great Britain has recognized Diaz and that Mr. Peterson attended the inauguration of Diaz.

# DOHENY BEATEN IN BATTLE OVER OIL RESERVE LEASES

## Supreme Court Rules Elk Hills Deal Illegal and Fraudulent; Compensation Refused

WASHINGTON, Feb. 28. (AP)—Edward L. Doheny today lost his fight to have the courts confirm the leases of the Elk Hills (Cal.) naval oil reserve, awarded to him by Albert B. Fall as Secretary of the Interior. Upholding the findings of the Circuit Court, the Supreme Court in a unanimous decision held that these leases not only were illegal, but were obtained by "fraud and corruption." The victory was sweeping for the government, confirming in every detail the position taken by special counsel appointed after a Senate committee had completed an investigation of the naval oil reserves.

The opinion, delivered by Justice Butler, held that it is the established policy of Congress and of the government to maintain the reserve fuel supply of the Navy under ground and that the General Leasing Act of 1920 carried no authority for leasing the naval oil reserves.

Throughout the decision the court referred by way of emphasis to the fraud and corruption marking the transactions, although a jury in the District of Columbia Supreme Court last December held that there was nothing criminal in the relations between Fall and Doheny.

The ruling is a blow to the court attendants as forecasting a decision in the Harry F. Sinclair Test port Dome naval oil reserve case, sustaining the Circuit Court in canceling the lease and contracts.

MAY BE SIMILAR  
The Sinclair case, of which a review recently was granted, today was advanced for hearing on April 11, and it was freely predicted that when the case is reached the court's decision, it will be disposed of on the authority of the Doheny case, holding the lease and contract invalid.

After the decision had been rendered Secretary Willbur said the Navy Department is prepared to take over the oil reserves, and the Rear-Admiral H. H. Rousseau, Civil Engineer Corps, will be placed in charge of them.

Since the case has been in the courts the reserves have been operated by a receiver under the direction of the court.

The Federal District Court in California held the Doheny leases and contracts null and void, but it awarded Doheny compensation for his outlay under the Circuit Court to which both Doheny and the government appealed.

# DRYS SCORE IN SENATE

## Cloture Voted on Prohibition Bill

Passage of Administration's Reorganization Measure Assured With Curb

Parliamentary Tangle Over Boulder Dam Legislation Broken by Action

WASHINGTON, Feb. 28. (AP)—Senate drys today cracked the whip for the first time this session, forcing through the cloture rule on the administration's prohibition reorganization measure.

Succeeding in this move just after the Senate had three times in as many days declined to invoke cloture, the drys assured passage of the bill which has been consistently demanded by Assistant Secretary Andrews, chief of the prohibition forces. It would create a bureau of prohibition and customs in the Treasury Department.

The cloture vote on the proposal was 55 to 37, or one more than the required two-thirds majority, and it broke up the parliamentary tangle in which the Senate had become involved, definitely displacing as the unfinished business the Boulder Dam bill against which a filibuster has been waged.

### VOTE ON MOTION

Those voting for the cloture motion were: Republicans: Cameron, Capper, Curtis, Deneen, Ernst, Fessenden, Goff, Gooding, Gould, Greene, Hale, Harrell, Howell, Jones, Keweenaw, Keys, Lenroot, McLean, McMaster, McNary, Means, Oddie, Pepper, Pine, Reed, Pennington, Robinson of Indiana, Ricketts, Standfield, Stewart, Warren, Watson, Willis—33.

Democrats: Ashurst, Copeland, Ferris, Fletcher, Harris, Hiram, Kendrick, McKellar, Mayfield, Neely, Pittman, Robinson of Arkansas, Sheppard, Simmons, Smith, Slack, Swanson, Trammell, Tyson, Walsh of Massachusetts; Walsh of Montana—22.

Against cloture: Republicans: Bingham, Borah, Dale, Johnson, La Follette, Metcalf, Moses, Norris, Ryan, Phillips, Shortridge, Wadsworth, Welles—13.

Democrats: Bayard, Blaine, Bratton, Brown, Bruce, Dill, Edwards, Herrick, Hiram, Johnson, Overman, Rahall, Wheeler—13.

Farmer Labor: Shipstead.

### PREVIOUS ATTEMPT

Previously today an attempt to limit debate on the \$125,000,000 public buildings bill had met the same fate as the two cloture moves made on last Saturday for the Boulder Dam and emergency relief from Colorado bills. It was defeated on a vote of 52 for cloture to 31 against, or four less than the required two-thirds majority.

# NEW HIGHWAY EAST URGED

## Pomona Senator Offers Proposal for Primary Road From Beverly Boulevard to Riverside

BY C. A. JONES  
"Times" Staff Correspondent

SACRAMENTO, Feb. 28. (Exclusive)—A new highway, running eastward from the terminus of the proposed Beverly Boulevard at the east city limits of Los Angeles to Riverside, to come into the classification as a primary State highway, was proposed today by Senator Charles Taylor, Pomona, and Assemblyman Harry Sewell, Whittier, when the Senate Revenue and Taxation Committee voted ten to one today to recommend the Breed highway bill.

Senator Harry Chamberlain, Los Angeles, alone voted against the Breed bill, one of which increases to 10 cents the gasoline tax and the other classifies highways of the State. Senator Chamberlain said he acted on the ground that the people last November defeated the proposal to increase the levy upon gasoline.

Senator Breed and Senator Wilson, chairman, in admitting the value of the proposal, Senator Taylor and Assemblyman Sewell suggested that the construction of the highway be adopted as a separate piece of legislation, rather than as an amendment to the Breed classification bill.

The expected objections of the San Diego delegation to the Breed bill did not materialize. Col. Ed Fletcher, who has been fighting the Meca-Blythe road before the completion of the Yuma-San Diego highway through El Centro, Senator Breed explained that this was a matter to be discussed with the Highway Commission.

Supporters of the public buildings bill, which has passed the House, believe, however, they can get a vote on it before the close of the session. It would allow \$100,000,000 for building construction in addition to that authorized a year ago and \$25,000,000 for purchase of land in this city.

Both ways and drive proclaimed before the cloture vote on the reorganization bill that the prohibition issue was not involved, Senator Walsh, Democrat, Massachusetts, a wet, being among those who held this view.

During consideration of the proposition, Senator Edwards of New Jersey, also an avowed wet, later issued a statement declaring that the cloture move was "decisively defeated" until Missouri and New York, Federal Democratic booms could be before the Wayne B. Wheeler lash and foreword "leadership." Sen. J. C. Copeland of New York, and Harry, Missouri, Democrat, voted for cloture, Senator Wadsworth, Republican, New York, voted against and Senator Blaine, Democrat, Missouri, did not vote.

# SHORTTRIDGE ASKS MILLION TO FIGHT FLOOD MENACE

## Relief for Imperial and Palo Verde Valleys Asserted Imperative; No Opposition Evident

DEL MONTE, Feb. 28. (AP)—The directors of the California Development Association, meeting here today, voted unanimously to petition the Federal government to support some project for protecting the Imperial Valley from floods in case the Swing-Johnson Boulder dam bill fails to pass.

BY KYLE D. PALMER  
"Times" Staff Correspondent

WASHINGTON, Feb. 26. (Exclusive)—An appropriation of \$1,000,000 to defray the cost of raising and strengthening the levee systems protecting Imperial and Palo Verde valleys from Colorado River floods was asked by Senator Shortridge today in an amendment to the second deficiency bill pending before the Senate. This action was taken when it became certain that the Senate would refuse further consideration to the Swing-Johnson bill, which was displaced as unfinished business this afternoon. Although still occupying a place on the Senate calendar it is unlikely that the river measure will again come formally before the upper house during the remaining three and a half days of the session.

Hoping to make greater progress than that achieved by Congressmen Swing, whose attempt to gain an emergency flood relief appropriation of \$750,000 in the House last Saturday, was rejected without debate, Senator Shortridge today had his amendment referred to the Irrigation and Reclamation Committee and later returned to the floor of the Senate for action. Although the bill has been referred to the committee, it is probable that the Shortridge amendment will be disposed of without further committee consideration.

JOHNSON BITTER  
Virtually the only obstacle in the way of immediate approval of the emergency appropriation is the hostile and unyielding attitude of Senator Johnson, whose chair at the outcome of his fruitless efforts to gain a vote on the Swing-Johnson bill has precipitated him into a characteristic mood of angry gloom.

Refusing to discuss the flood emergency containing Imperial Valley and leaving even his intimate advisers uncertain as to his probable course of action, Johnson has confined himself with sneering at the efforts of Mr. Shortridge.

He said that he has no plans for discussion of the bill, but he has announced for publication that he believed a point of order would be raised against the Shortridge amendment, thus preventing under the rule of unanimous consent any further consideration or discussion.

The amendment offered by Senator Shortridge closely follows the language of the Senate bill resolution introduced in the Sixty-sixth Congress by former United States Senator Phil of Los Angeles. The resolution asked for \$1,000,000 to meet a crisis in Imperial Valley in 1910 almost exactly the same situation that now exists. The resolution was approved by both houses of Congress and was signed by President Taft.

WOULD AID MEXICO  
Providing for flood relief expenditures by the Secretary of the Interior as need may arise the Shortridge amendment is followed by the "For protection of government-owned and privately owned lands and property in the Imperial Valley, Imperial valleys, in the State of California and elsewhere along the Colorado River within the limits of the United States, against inundation by flood waters of the Colorado River by reason of changes in the channels and bed of said river, and the Secretary of the Interior is authorized to expend any portion of such money within the limits of the public of Mexico as he may deem necessary, and in accordance with such agreement or agreements as may be made with the republic of Mexico. \$1,000,000."

Party leaders in both houses have indicated a willingness to support an appropriation such as that asked by Senator Shortridge, although no question has arisen as to the sum actually needed to repair and strengthen the protecting levees. This matter will be disposed of, it is expected, by the end of the session.

# SHIP BOARD ACCUSED

## Graft Asserted Over Leases

Suit Charges Members With Using Leviathan for Pleasure Trip

Chairman O'Connor Lived "Beyond Means" States New York Action

NEW YORK, Feb. 28. (AP)—The recent trip of the Leviathan to Boston for reconditioning was characterized as a "pleasure trip" by the entire personnel of the United States Shipping Board in a suit filed today and in which charges of graft were laid against Chairman T. V. O'Connor.

John C. Hackett, former Deputy Police Commissioner, brought the action as a taxpayer to void leases by the Shipping Board to the Tidewater Terminal Company, Inc., of terminal privileges in army bases at Brooklyn, Philadelphia, Boston and Norfolk.

The complaint charged that the leases were monopolized by members of the board and its entire crew and facilities were employed by them for their comfort, refreshment and general amusement.

ACCUSATIONS SERIOUS  
Hackett asserted that O'Connor's influence dominates the Shipping Board and charged O'Connor with the board and its entire crew and facilities were employed by them for their comfort, refreshment and general amusement.

He charged that certain officials of the companies controlled by Miller and King, the Governor, add names through having their names appear on two or more pay rolls of the company.

Hackett also asserted O'Connor and the officers of the Tidewater company "have mutual and reciprocal interests" and that one of O'Connor's sons, William, "occupies a post of great authority and influence" with the board and its entire crew and facilities were employed by them for their comfort, refreshment and general amusement.

### Supreme Court Charges Fraud in Deal and Refuses to Grant Him Any Compensation

(Continued from First Page)

Justice Brandeis today asserted that the question of compensation is not one to be decided by the courts. The court found that both Fall and Doheny had acted in bad faith and that the transaction was fraudulent. The court refused to grant Doheny any compensation for the lease of the Elk Hills reserve.

**"LOAN" MENTIONED**

The \$100,000 "loan" made to Fall by Doheny was not a loan, but a gift. The court found that Doheny had no right to make such a gift, and that the transaction was fraudulent.

## Review of Day in Congress

### The \$100,000,000 naval modernization bill was passed by the House.

A bill providing funds to start the government's five-year public buildings program passed the House.

The Senate refused closure on the public buildings bill but adopted it to speed action on the prohibition reorganization measure.

Senate contempt citations against Doheny, Doherty and Cunningham, recalcitrant witnesses, were asked by the Campaign Funds Committee.

The right of Senator Gould, of Maine, to a Senate seat was upheld by a Senate subcommittee.

Representative La Guardia closed his impeachment case against Federal Judge Cooper, of Northern New York.

For the construction work at Pearl Harbor, both the government and Doheny appealed, and the Circuit Court sustained the cancellation of the contracts and leases but reversed the District Court on the construction work, holding that Doheny was not entitled to compensation for the work.

Oral arguments of the Doheny case in the Supreme Court developed complete disagreement between the two sides on all of the essential facts at issue.

**POLICY SHOWN**

The transaction evidenced by the contract and lease was not authorized by the Act of June 4, 1920. The grant of authority to the Secretary of the Navy did not include a change of policy as to conservation of the reserve.

The contracts and leases were not authorized by the Act of June 4, 1920. The grant of authority to the Secretary of the Navy did not include a change of policy as to conservation of the reserve.

Pointing out that the storage of fuel oil at Pearl Harbor had not been authorized by the Act of June 4, 1920, the court said that Congress must decide what may be the usefulness or value of the tanks erected by Doheny for any part of his outlay under the contracts and leases.

General during a part of the time special oil counsel for the government was prosecuting the oil lease, Doheny did not participate in the consideration of the oil lease.

**GREAT BATTLE**

NAME LONG LITIGATION

WASHINGTON, Feb. 28. (AP)—The civil suits growing out of the naval oil lease, made while Albert B. Fall was Secretary of the Interior, reached the Supreme Court through an appeal allowed the Pan-American Petroleum and Transport Company and the Pan-American Petroleum Company.

The construction work was to be done at cost, and he paid for by the government out of the oil which it received from the lease of the reserve. The contracts also involved the placing by Doheny of a quantity of fuel oil in the storage tanks in exchange for crude oil to be furnished by the Navy.

Contracts also made with Doheny and with Harry F. Sinclair precipitated the Senate's Teapot Dome investigation, which resulted in the adoption of a resolution under which special counsel was appointed by the government to test the legality of the whole transaction.

Suits to cancel the lease and contracts were entered, that against Doheny being filed in the Federal District Court at Federal Court at Los Angeles, and that against Sinclair in the Federal Court at Cheyenne, Wyo.

The trial court in the Doheny case canceled the lease and contracts, but allowed Doheny compensation.

### Doheny Expected to Take Loss

Los Angeles Observers Say Adverse Court Decision Will Close Incident

Appeal to Congress for Any Funds Expended in Naval Work Improbable

The United States Supreme Court decision against Doheny's interests in the Elk Hills case probably will be accepted without further ado, and no petition for a rehearing will be filed, it was predicted in Los Angeles yesterday on receipt of information from Washington that Doheny had lost.

Furthermore, Congress probably will not be asked to pay Doheny for the \$100,000,000 or \$10,000,000 he spent on the construction work at Pearl Harbor, Hawaii.

Information that the court of last resort had found against Doheny's interests was received in silence, as far as public statement is concerned, at the office of Edward L. Doheny, Jr., president of the Pan American Petroleum Company, and Charles W. Doherty, chief of local counsel for Doheny's interests.

**REMARKS UNAVAILABLE**

However, it was recognized by the officials that the court's decision is unfavorable, and that the government's position is strengthened.

Two Inches at Denver

Denver, Feb. 28. (AP)—Snow continued to fall in Colorado today and seemed likely to continue through the night in a storm uninterrupted since it started yesterday.

Ship Maneuvers in Far East Asserted "Merely Routine" by Washington

Antiforeign Propaganda by Cantonese Continues; River Traffic Tie-up

WASHINGTON, Feb. 28. (AP)—The destroyers William B. Preston and Bligh have been ordered from Manila to Shanghai.

Other destroyers reported moving toward Shanghai as part of ordinary fleet routine are the McLaughlin from Chinkiang, Simpson, from Hankow, and Bulmer, from Wuhu. The Preble, moving up the Yangtze, will replace the Bligh at Shanghai.

The fleet has departed from Shanghai for Amoy, and the gunboat Albatross has moved from Amoy to Shanghai.

Brig-Gen. Stanley D. Butler was ordered to China today to command the marine force of more than 5500 in Amoy waters. He will proceed by the fastest steamer from San Diego.

Gen. Butler will be accompanied by a staff consisting of Lieut.-Col. Harry J. Ansler, Lieut.-Col. Mills A. Miller, and Lieut. Col. W. H. Miller. He will take command of the fourth regiment, about 1500 strong, which arrived at Shanghai Wednesday, and take charge of the smaller detachments at Fokien, Ningpo and other points.

The Navy Department to date has given no indication that the marine force in China waters will be landed.

Shipping conditions on the Yangtze River are described as intolerable due to commandeering of vessels by Chinese military authorities in a report received today from Consul-General Lockhart at Hankow.

All foreign vessels, with the exception of two or three American ships, have been either tied up at Hankow or sent to Shanghai to await improvement in the situation, he said.

The recent demonstration in Hankow, although the largest ever held in the city, passed off without undue incident, the telegram added.

Parade of demonstrators took about an hour and a half in passing the American Consulate.

"Down with Sun Chuan-Pang," and "Down with Chang Tso-Lin," two of the war lords of the northern Chinese armies, marked the parade.

Outdoor Promoter Aims to Show at Olympic

City Hall Politicians Said to Back Donald

BY PAUL LOWRY

Dick Donald yesterday threw a monkey-wrench into Jack Doyle's plans to stage weekly fights at the Olympic Auditorium. Backed by what is said to be a powerful group of City Hall politicians, the Wrigley Field promoter made application to the State Athletic Commission to show on alternate weeks at the Olympic with Doyle.

Confronted with this unexpected application, the members of the commission decided to defer action until the 15th inst. on Doyle's application for a weekly permit at the Olympic and the closing of his Vernon collection.

On that date the commissioners—Chairman Louis Almgren, Seth Strelinger and Charles Truitt—will meet at the chairman's home at 800 S. San Diego to make a final ruling on the matter. All were present in Commissioner Strelinger's office in Hollywood yesterday, along with Secretary Walter Yarwood.

Babe's Demands for \$100,000 Fail to Feaze Owners

Yankee Bosses Say Bambino Too Much of a Gamble

NEW YORK, Feb. 28. (AP)—The New York Yankees apparently were making no idle gesture to comply with when they offered Babe Ruth a renewal of his old \$52,000 a year contract for 1927. The club intends to stand pat on this proposal, it was learned on good authority today, in spite of the Babe's transcontinental ballyhoo for a new contract at the record-breaking figure of \$100,000.

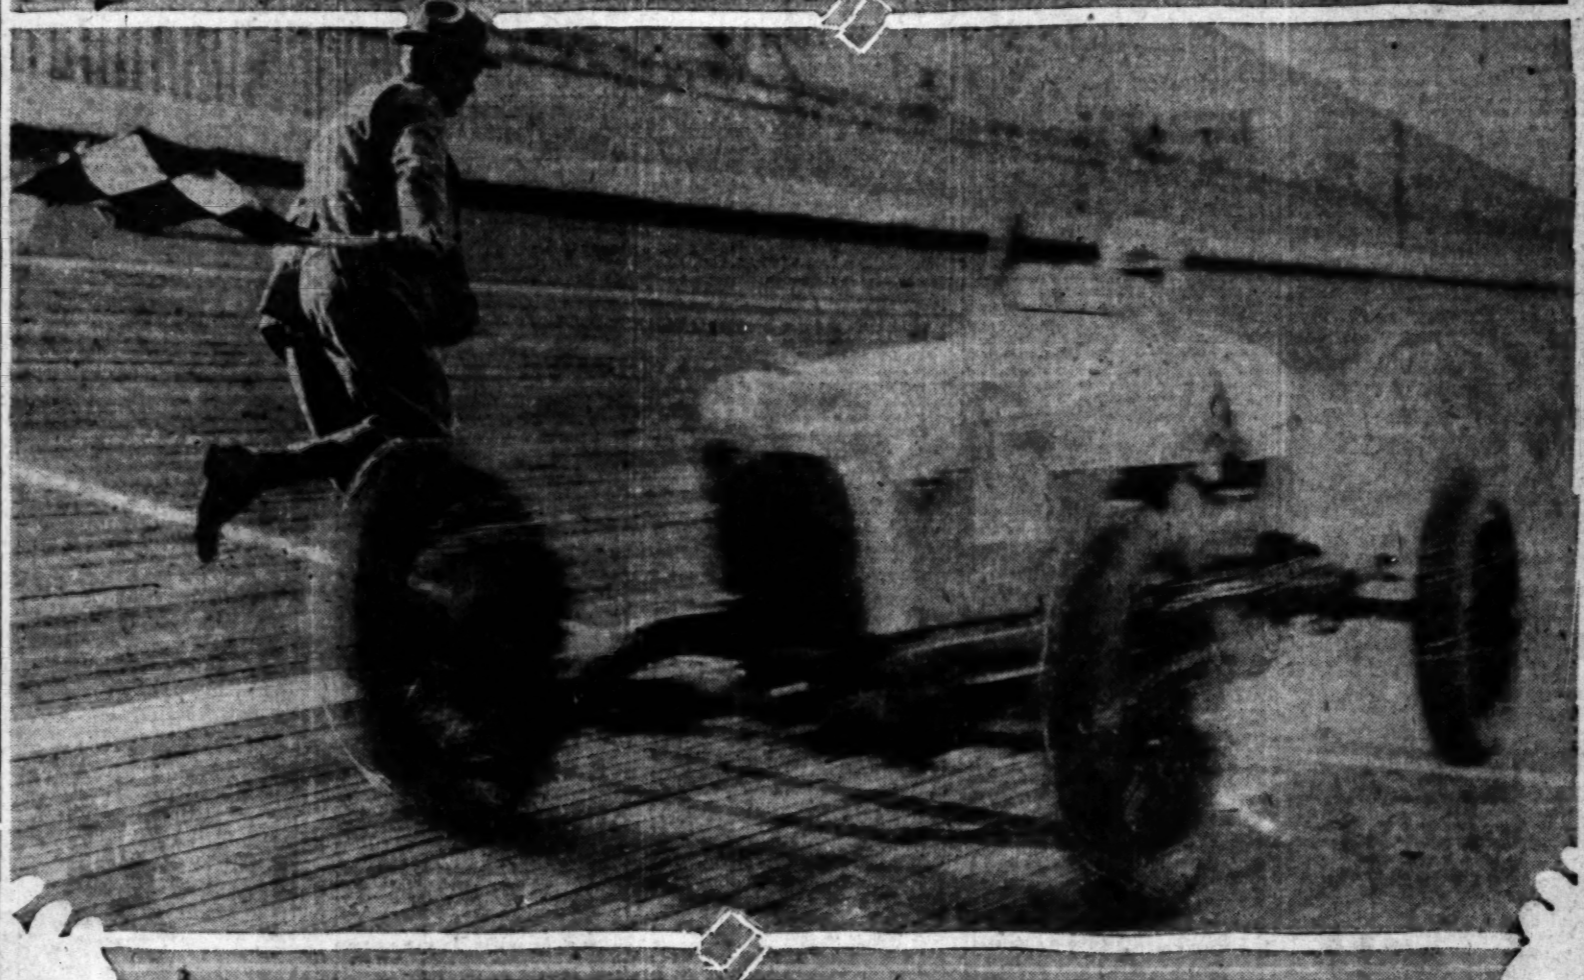

Baseball men generally have supposed that with the rise of player value the Yankees would be willing to go as high as \$75,000 to sign their star home-run hitter, but as interpreted in reliable sources today, the club is not disposed to make any compromise.

Neither Col. Jacob Ruppert, the owner, nor Ed Barrow, business manager, would comment on their attitude today, but Col. Ruppert's statement that Ruth's \$100,000 demand was "unreasonable" seemed to support the view that the club is not in a compromising mood.

### Blistering the Boards for a New World's Velocity Record

Bennett Hill, the ex-Fordham Collegian, Whizzing Past Fred Wagner on His Record Lap. Circling the big pine loop at Culver City at the amazing rate of 138.8 miles per hour Hill yesterday hung up a new world's mark in the first day's qualifying trials for the 250-mile classic next Sunday. Today, tomorrow and Thursday will be given over to qualification tests for the other drivers. Only eighteen drivers can start next Sunday. This is the A.A.A. track limit.

### MARK MADE AT CULVER TRACK

Fordham Flash Sets Record Qualifying for Classic

Leon Dury's Best Time is Bettered in Practice

Boaring into the curves with his motor wide open, Bennett Hill yesterday afternoon shattered the world's record for 250-mile-a-hour motors on the Culver City Speedway.

The Fordham flash whizzed around the mile and a quarter track at the amazing speed of 138.8 miles per hour, thereby smashing the mark hung up more than two weeks ago by Leon Dury, the flying Frenchman.

Dury's old mark was 128 miles per hour. Hill staged a terrific battle with Harry Harris, 1926 A.A.A. champion, to set the new record. The two rivals roared around the oval for more than ten laps, playing one of the greatest pre-race exhibitions ever seen on the Culver City track.

As a result of his sensational driving yesterday, Hill will probably start next Sunday's 250-mile grand as one of the favorites to cop high honors. The Fordham University student has always been popular with local fans and his spectacular feat of yesterday is expected to make him even more so.

SHATTERS RECORD. The first time around Hill failed to attain the speed established by Dury. Fred Wagner, veteran starter, and his assistant, Art Klein, timed Hill in 32.46 for the lap. On his second crack at the record Hill did 32.36, this time equalling Dury's tremendous speed. Not satisfied with this feat, Hill went out again, and with a blinding burst of speed, shattered the mark which the heavy-footed French star had held for more than two weeks.

Hill's time is considered all the more remarkable because his Miller Special is not equipped with the latest thing in racing creations—the front drive. Dury's chariot was so equipped. Racing experts are of the opinion that front-drive cars are faster than others because the innovation enables drivers to lean into the curves without danger of serious skidding.

Hill wasn't at all timid about

BY BILL WISE

Mrs. Dan Jones of Brentwood toured the historic south golf course of the Los Angeles Country Club in 81 strokes yesterday, to win 12 medal honors in the qualifying play for the 18-hole midwinter invitational tournament, sponsored yearly by the Beverly organization.

Yesterday's low-gross winner was second with an 80, in the same event that was paced by Mrs. Melvin Jones, Chicago star, with a 79, last year.

Mrs. Jones led the fastest field in the history of the annual west coast classic, scoring under Miss Margaret Cameron, playing through 11:15. Mrs. George Lewis, State champion; Mrs. Gregg Lufur, southern State crown-bearer; Mrs. Melvin Jones, Mrs. Lee Mids of Chicago, medalist in the

last women's western, and many other distinguished golfers.

Out in 40, Mrs. Jones finished with a 41, while Miss Cameron, who was 42 at the turn, added another 42 for an eighteen-hole aggregate of 83, and second low-gross honors in the event that drew a field of more than 100 representative women golfers.

Mrs. Harry Frazier of Henderson, 85; Mrs. Melvin Jones, 86, and Miss Kathleen Wright, Mrs. Gregg Lufur and Mrs. Harry Grossman, 87, had little difficulty scoring well yesterday. Mrs. Lee Mids, noted for her deadly ability on the putting greens, three-stroked eleven tricky surfaces yesterday, but still managed to finish with an 89. Mrs. George M. Lewis, Mrs. Ted Haas, Mrs. L. B. Elliott, Mrs. Roy Green and Mrs. Anne Wolverton, were 88.

### LLOYD HAHN SETS NEW WORLD RECORD FOR 1000 YARDS IN GREAT RACE AT GOTHAM MEET

NEW YORK, Feb. 28. (AP)—One world's and three meet records were toppled tonight as the new York Athletic Club's balanced array won a spirited team battle from the Illinois A.C. 1926 titleholders, for the national A.A.U. indoor track-and-field championship.

The world's record went to the credit of Lloyd Hahn, crack Boston A.A. runner, when he won the 1000-yard race in 2m. 13 4-8s.

Hahn's performance, the most sensational of the night, also established a new meet record along with the shotput mark of 48ft. 4in., made by Herb Schwarze, Wisconsin giant, and the 600-yard record of 1m. 13 1-4s, by George Lennard of the New York Athletic Club.

So keen was the competition that only five of the thirteen individual champions of 1926 retained their titles.

Willie Goodwin, veteran New York A.C. distance star, conquered his youthful Boston A.A. rival, Leo Lermund, in the two-mile championship, but failed to menace either the championship meet or world's records, both held by Paavo Nurmi.

## Important Announcement to Times Readers

In conveying our compliments to subscribers of the Los Angeles Times, the acknowledged foremost intellectual element of Southern California, we deem it an honor in making our first public announcement during the fifteen years of our business career.

While we enjoy the confidence, friendship and continued valued consideration of one of the most exclusive clientele in this community, which we are very proud of, we are no different than all other reputable progressive commercial institutions, always seeking through honorable means to enhance their prestige, thereby increasing their business which is the natural instinct of those seeking to forge ahead in the business world.

Businessmen, bear distinctly in mind we at no time are compelled through dire necessity or lack of business to advertise in order to do business, as we are more than firmly established in this community, as the name of Taraborrelli & Mariani is known among hundreds of the most exclusive, highly dressed men of Los Angeles, who have implicit confidence in our integrity and ability. We fully realize that advertising is considered extremely unethical among all dependable uptown exclusive tailoring firms, but we nevertheless also realize that the only means by which the name of any firm can be prominently placed before the public in order to enhance their prestige and increase their business is through the medium of the newspaper. Hence this important announcement after thoughtfully deliberating the matter, and which carries with it an extremely flattering incentive which never has been previously offered by any exclusive uptown dependable tailoring firm in the city of Los Angeles.

This announcement is solely for the benefit of those who have been patronizing the most exclusive uptown tailoring firms in this community, whose prices range from \$80 to \$150 a suit, which has also been our regular selling price for the same grade of imported fabrics and the standard of hand tailoring placed in all garments.

Relative to the grade of fabrics we carry we wish to state that we carry nothing but the highest grade of imported fabrics only, as we import direct from England, Ireland, Scotland, France, Belgium and Sweden.

They are of the finest quality and textures, positively guaranteed to be of the finest 100% pure, virgin, long staple wool, dyed in the wool abroad, sun proof and acid tested, and positively guaranteed fast colors throughout—this is the quality and grade of imported fabrics that the most exclusive uptown tailoring firms throughout the entire western hemisphere carry. Charges range from \$90 to \$150 a suit for. Relative to quality, no better fabrics can be bought. They were sold at water shrunk in the foreign mills for twelve hours previous to being shipped to us.

It is an incentive to those deeming us worthy their confidence and valued consideration, which is merely for advertising purposes, which we feel will materially add to the prestige and reputation of the name of Taraborrelli & Mariani, at all times out of these magnificent exclusive importations, which, previously sold from \$85 to \$90, \$95 and \$100 a suit, will be hand tailored to your individual measure for \$60. This unusual offer will hold good for a short period of time only, owing to the fact that these suitings will be tailored at the absolute cost of the material and the labor involved, as we are eliminating all thoughts of profits for the time being, we wish to particularly emphasize that under no circumstances will we allow more than one suit to be sold to any customer during this event at the price quoted, as we have never previously tailored clothes at the price we are quoting at the present time. Business and professional men can instantly see the force and meaning of this particular paragraph. This is solely for advertising purposes.

Every garment is strictly tailored by hand in our own shop right on the very premises by Mr. Albert Mariani, personally, who is a member of this firm and a past master in the art of his profession, and previous to his coming to America was associated with his father in Rome, Italy, where they were considered one of the most exclusive tailoring firms throughout the whole world, having dressed and tailored clothes for high ranking Italian army and naval officers, including the leading civil officials of Rome. You can rest assured that no machinery of any kind is used in the tailoring of your clothes. The highest grade of imported linings and trimmings imported direct from France, Belgium and Ireland will be placed in all garments.

## All Former Guaranteed \$60

\$85, \$90, \$95, and \$100 Suits  
Strictly Tailored by Hand—for

Every garment is hand sewed throughout with the finest grade of silk thread that the foreign makers produce; every garment will be shaped strictly by hand, all linings, trimmings, and material will again be cold water shrunk for twenty-four hours in our own shop as a precautionary measure, which will positively eliminate the danger of any possibility of your suit ever shrinking after having been dressed and tailored clothes for high ranking Italian army and naval officers, including the leading civil officials of Rome. You can rest assured that no machinery of any kind is used in the tailoring of your clothes. The highest grade of imported linings and trimmings imported direct from France, Belgium and Ireland will be placed in all garments.

### "Times" Daily Short Story

## The HARBINGER

By O. HENRY

MR. PETERS had a wife. This had not heretofore affected his standing with Raggy and Kidd. But today it involved him with a peculiar interest. His friends, having escaped matrimony, had shown a disposition to deride Mr. Peters. But at last they had been forced to acknowledge that either he had been gifted with a large forehead or that he was one of Fortune's lucky sons.

For, Mrs. Peters had a dollar. A whole dollar bill, good and receivable by the government for customs, taxes and all public dues. How to get possession of that dollar was the question put for discussion by the three musty musketeers.

"How do you know it was a dollar?" asked Raggy, the "musicality" of the sum, including him in accepting it.

"The coolman seen her have it," said Mr. Peters. "She went out and done some washing yesterday. And look what she give me for breakfast—the best of a loaf and a cup of coffee, and her with a dollar!"

"It's fierce," said Raggy.

"We go up and punch 'er and stick a towel in 'er mouth and cop the coin," suggested Kidd, viciously.

"I ain't afraid of a woman, are you?"

"She might holler and have us pinched," demurred Raggy. "I don't believe in slugging no woman in a houseful of people."

"Gentlemen," said Mr. Peters, severely, through his mustache, "remember that you are speaking of my wife. A man who would lift his hand to a lady except in the way of—"

"Measure," Raggy, pointedly, "has got his back beer sign out. If we had a dollar we could—"

"Raggy!" said Mr. Peters, kicking his lips. "We got to get that case note somehow, boys. Ain't what a man's wife he leave her? I'll go over to the house and get it. Wait here for me."

"I've seen 'em give up quick, and tell you 'bout it," said Kidd.

"No man would kick a woman," said Peters, virtuously.

"Choking—just a touch on the wind-pipe—that gets away with 'em—and no marks left. Wait for me. I'll bring that dollar boys, dollie boys, the best of carbolic on the shell behind the empty coffee can. Drink hearty."

Mr. Peters reflected. What next! The old expedients had failed. The two musty musketeers were waiting him hard by the ruined chateau—that is to say, on a park bench with rickety cast-iron legs. His honor was at stake. He had engaged to storm the castle single-handed, and bring back the treasure that was to furnish them wassail and solace. And all that stood between him and the coveted dollar was his wife, once a little girl whom he could—ah!—why not again? Once with such words he could, as they say, twist her around his little finger. Why not again? Not for years had he tried it. Orin poverty and the hatred of Raggy and Kidd were waiting for him to bring that dollar!

Mr. Peters took a surreptitiously keen look at his wife. Her formless bulk overflowed the chair. She kept her eyes fixed out the window in a strange kind of trance. Her eyes showed that she had been recently weeping.

"I wonder," said Mr. Peters to himself, "if there'd be anything in it."

The window was open upon its outlook of brick walls and drab, barren back yards. Except for the mildness of the air that entered it might have been a winter yet in the city that turns such a frowning face to besieging spring. But spring doesn't seem to be a very good thing to Raggy and Kidd, who were waiting for him to bring that dollar!

"I'll try it," said Mr. Peters to himself. "I'll try it."

He went up to his wife and put his arm across her shoulders.

"Clara, darling," he said in tones that should have been tender, "why should we have hard hearts? Ain't you my own totemum wassail and solace?"

A black mark against you, Mr. Peters, in the sacred ledger of Cupid.

"Out out the rainbow of hope and that stuff about walkin' one by one through the narrow lanes of Spain," said Mrs. Peters, with a sigh.

Charges of attempted graft are filed against you, and of forgery and utterance of two of our boldest of appellations.

But the miracle of spring was wrought into the back room over the back alley between the black walls had crept the Harbinger. It was ridiculous, and yet—well, it is a rat trap, and you made an air and all of us are in it.

Red and fat and crying Mrs. Mohr or Haggar. Mrs. Peters threw her arms around her lord and doctored upon him. Mr. Peters would have striven to extricate the dollar bill from its devious vault, but his arms were bound to his sides.

"Do you love me, James?" asked Mrs. Peters.

"Madly," said James. "But—"

"You are ill!" exclaimed Mrs. Peters. "Why are you pale and tired looking?"

"I feel weak," said Mr. Peters. "I—"

"Oh, wait! I know what it is. Wait, James. I'll be back in a minute."

With a parting hug that revived in Mr. Peters recollections of the Terzillo Truck, his wife hurried out of the room and down the stairs.

Mr. Peters hitched his thumbs under his suspenders.

"I've got her going. I hadn't any idea the old girl was soft any more under the foolish rib. Well, Mr. ain't I the Claude Melnitz of the lower East Side? What's it a 100 to I shot her? I get the dollar. I wonder what she went out for. I guess she's gone to tell Mr. Muldoon on the second floor, that we've reconciled. I'll remember the boys! I'll remember the boys! I'll remember the boys!"

Mr. Peters came back with a bottle of champagne.

"I'm glad I happened to have that dollar," said Mrs. Peters. "You're all run down, honey."

Mr. Peters had a tabernacle of the stuff inserted into him. Then Mrs. Peters sat on his lap and murmured to him, "Call the totemum wassail and solace."

He sat still, held there by his materialized goldenrod of spring. Spring had come.

## Pimples, Boils, Skin Eruptions

Skilled physicians recognize the appearance of pimples, boils and other skin eruptions as being an indication of an abnormal condition of the system. This is why so many thousands have been enabled to free themselves of these unsightly blemishes and painful annoyances by taking a course of S.S.S. You owe it to yourself to try S.S.S. It helps Nature build up red corpuscles. It improves the processes by which the blood is nourished. It is time-tried and reliable.

"I suffered from impure blood—was weak, and I had lost so much weight. I didn't look natural. I had pimples and was also bothered with a break-out that itched terribly. I also had boils one after another. I tried different kinds of remedies, but nothing did me any good until a friend advised me to take S.S.S., which I did. This was some time ago. Now I feel well, and I am getting along fine. S.S.S. stopped the itching and it cured me of boils. I advise all weak and run-down people to give S.S.S. a trial. It clears up the skin and makes you strong and fills you with energy." Mrs. J. W. Becker, 1317 Walnut Street, Cincinnati, Ohio.

S.S.S. is made from the fresh roots of medicinal herbs and plants and is prepared in a scientific way in a modern laboratory.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.—Advertisement.

## BULLOCK'S

### The New Formold Corsettes are Here! In Swami, Brocade or Rayon at \$5.00

#### New Novelty Cuff Kid Gloves—Unusual, \$3.45

Fractionally priced! Gloves of a soft, fine quality of kid in fetching novelty cuff designs, decorated with self or contrasting embroidery. A varied assortment of styles in the smart Spring shades of mode, beaver, tan and gray. All sizes are included, though every color and style is not available in all sizes. Bullock's advises you to shop early.

Glove Section, Bullock's Street Floor

#### New Organdy Bonnets Arrive for Baby—

Crisp and frilly—such a charming frame for bright red cheeks. In pink and blue as well as white—an important spring fashion—at Baby's Own Store, Bullock's.

This season, little crepe de Chine coats accompany organdy bonnets—in delicate matching colorings. A smoked dress of crepe de Chine to match the coat creates a tiny ensemble.

Bonnets, \$1.25 to \$3.95. Coats, \$12.50 to \$27.50. Dresses, \$3.95 to \$15.00.

The usual savings on Birdseye or Flannel Diapers at \$1.65 a dozen, 4 dozen for \$6.25. Knitted Night Gowns at \$1.00 each or 4 for \$3.65.

Infants' Silk-wool-cotton Shirts, double-breasted with long sleeves at \$1.00 each, or 4 for \$3.65 today.

Remember, the Infants' Welfare Bureau at Bullock's, where advice and literature are distributed on prenatal and child care up to six years.

Baby's Own Store, Bullock's Fifth Floor

#### Rubber Innerlined House Aprons, \$1.00

A featured value in Bullock's Rubber Specialty Section for Tuesday. Cretonne figured Household Aprons with rubber inner linings, in Bungalow style, well finished edges, various colors—also medium sized rubberized English print patterned aprons at the same reasonable price. An additional value—novelty cloth and rubber combination shadow Skirt and Dress Protector—medium and large sizes, lace trimmed, flesh color, \$1.00.

Notions, Bullock's Street Floor

#### Imported Madras Makes Popular Tennis Frocks

For athletic wear, tennis, golf, a frock fashioned of a material that can be easily and successfully tubbed is the thing—Bullock's suggests imported madras in narrow striped and jacquard patterns, 32 inch, \$1.50 a yard.

Other lovely imported cottons featured include English crepes, imported directly by Bullock's, \$1.50 to \$3.50 a yard. Models made of these fabrics displayed in section.

Cotton Goods, Bullock's Second Floor

#### Vogue Patterns Now at Bullock's

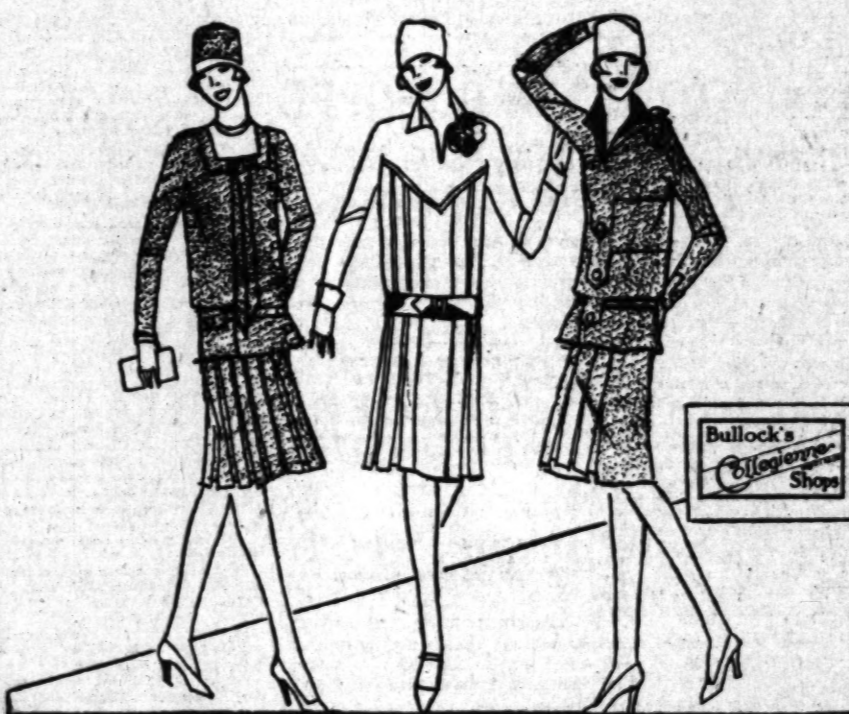

The sketch showing the smart tennis frock is representative of the simplicity and charm of all Vogue designs. Vogue brings out the most recent, the important fashion tendencies, incorporating them successfully in patterns.

Vogue patterns are the last word in pattern distinction.

#### The Square Neck, Calfskin Belts Tucks—Collegienne Frocks, \$19.50

Three Collegienne dresses that answer the campus question, "What's smart for spring?"—answer it economically, too, for their price is \$19.50. The square-neck frock has the sanction of the leading fashion magazines. Tucks and plaits take on new variations. And the calfskin belt (sketched on the kashmir dress) is a departure from the little narrow belts.

These dresses are typical of the fashion-alertness of Bullock's Collegienne Shops—typical of a new group of clever dresses in silks and new light-weight woollens—at \$19.50.

Note: Several dresses in this collection are models that Bullock's has had so many requests for, that they have been reordered.

Collegienne Shops, Bullock's Fifth Floor

#### A New Collegienne Golf Oxford Arrives at Bullock's—at \$8.00

A real golf shoe of washable elk skin in white or in two tones of smoke and natural elk. A shoe built to tramp over broad fairways.

See its smart lines—its easy flexibility. Notice its crepe rubber sole.

Collegienne Shoe Shop, Bullock's Fifth Floor

#### Spain Sends Beautifully Embroidered Linens—

The exquisite, painstaking handiwork of native Spanish women! Linens of a fine character—beautiful in texture, whose designs of embroidery, applique and cutwork show the Spanish love of decoration as well as of color. The old world atmosphere of Spanish Homes in Southern California demands a different type of linen—indeed—linens from the "old world." A demonstration of Bullock's alertness and ability to anticipate the needs of the home.

You will find but one of a kind among the larger sets for the table—sets consisting of cloth and from 6 to 12 napkins, \$50 to \$100.

Many with applique and embroidery in colors—blue, gold and yellow.

Luncheon Set—1 scarf, 12 oblongs and 12 napkins, \$65. Centers, \$2.50; Scarfs, \$4.50 and \$5—Doilies, \$1.25 and \$2. Several Designs, beautifully decorated.

Bridge Sets of 5 pieces, cloth and 4 napkins, \$8.50 to \$18.50.

Guest Towels, \$1.25 to \$2.75—elaborately embroidered with cutwork, \$3.50 to \$10.

Linen Room, Bullock's Second Floor

When hip lines are accented, when slight subtle curves are smart . . . a new type of foundation garment is necessary. And so the new Formold corsettes have the delicate rounding, the suggestion of a "nipping" at the waist—in other words, they have the lines that mean a smart foundation for new spring costumes.

And their fabrics . . . lustrous supple swami cloth, heavy brocades, dainty rayon mixtures combined with flexible elastic. Fabrics that most women would scarcely hope to find in \$5.00 corsettes—fabrics that are surprising even in Bullock's Formold Corsettes. Models for all types of figures—at \$5.00.

Note! Formold Corsettes and Brassieres are exclusive with Bullock's in Los Angeles.

Corset Section, Bullock's Fourth Floor

#### The New Petticoat of Celanese Satin, \$5.95

Yes, the petticoat has returned to underwear fashion. But how different it is! The fitted band makes a smooth line under the new hip-accented dresses. Made perfectly plain except for scalloping. And it's fashioned of the new underwear fabric—celanese satin. One of the latest arrivals in Bullock's Lingerie Section—one of the smart types of undergarments that immediately suggest Bullock's Lingerie Section. At \$5.95.

Note:—The same petticoat in Crepe de Chine at the same price, \$5.95 at Bullock's. Many other styles, too!

**KLAN DECISION AFFIRMED**  
WASHINGTON Feb. 28. (AP)—The Supreme Court handed down a decision announced informally from the bench last week, upholding the right of Kansas to sue the Ku Klux Klan from doing business in that State without complying with the State laws under which corporations of other States must obtain permits.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor discoloration and faint smudges, characteristic of old paper. The left edge of the page shows the binding of the book, with a dark, possibly black, cover visible. The overall tone is warm and slightly yellowed, suggesting the age of the document.

## Standard Oil Company

The Standard Oil Company, whose San Gabriel lease at Seal Beach extends northwest almost to the town-line district at Naples, is looking for a chance to drill the municipal land adjoining the city hall at Long Beach. The city has a deal pending with A. T. Jergins for the development of the land in question, but while this transaction has reached the stage where the City Attorney has been instructed to draw up the papers, there seems to be a widespread opinion that the land should be leased only after a call for bids.

The city owns about 135 acres, particularly surrounding the park, a considerable portion of which is considered likely to be productive. The San Gabriel River Improvement Company, the original owner of the land, had claimed an interest in the deal. Both the Standard and Jergins offer the city a bonus of \$100,000 cash, and a fifth oil royalty. The status of the San Gabriel company is still indefinite.

The Jergins interests are the de facto owners of the city's land on Signal Hill, which proved to be among the most productive tracts in the Signal Hill field. The city's land on Signal Hill, which proved to be among the most productive tracts in the Signal Hill field.

The completion of this well with such an initial output is considered a startling demonstration of the difference between town-land drilling and drilling where wells are wider spaced. The P.E. No. 3 is located several hundred feet from the main part of the field, and this factor is considered to have no little to do with its output.

The Jergins Drilling Company as a result of the test is reported by officials of the company. The well is drilled about 3500 feet, and is yielding about 17 deg. gravity oil. The test is considered a success, and the company is planning to drill more wells in the area.

## 250 MILLIONS IN ONE YEAR

### Unparalleled Public Acceptance Shows a World's Confidence in Chrysler Standardized Quality

During 1926 the motoring public throughout the world purchased 250 million dollars' worth of Chrysler products.

Just three years ago—the first Chrysler made its debut at the New York Show, being exhibited in 27th place.

Today, with a sales record of more than 170,000 cars during 1926, for an aggregate of 250 millions of dollars, Chrysler is in 4th place at the National Show, where preferential position is determined by the sales volume of the preceding year.

This surpassing sales record—the most phenomenal that the industry has ever known—is evidence that discriminating men and women are paying eager tribute to Chrysler leadership.

Not only America, but all the world has discovered in Chrysler—"50", "60", "70" and Imperial—"80"—an unprecedented soundness of value.

For the unique engineering and manufacturing plan of Chrysler Standardized Quality gives a superiority of performance, dependability, long life, economy, safety, handling and riding, which other cars in the Chrysler price range of \$750 to \$3595, have never before presented.

All Chrysler models—"50", "60", "70" and Imperial—"80"—exhibited at the Automobile Show. Complete display in our Sales Room.

## BANK OF ITALY NATIONALIZES

Announcement of Sanction by Government Made

Units to Merge at Once Into National System

Added Prestige for California Forecast by Head

Nationalization of the Bank of Italy and the conversion of its State-wide system of branches into the Bank of Italy, National Trust and Savings Association, has been formally approved by the Comptroller of the Currency, and the Federal Reserve Board, it was announced yesterday by James A. Baciagruppi, president.

The entire organization will be merged immediately into the national system, all of the branches opening for business this morning under the new designation.

"Nationalization of the Bank of Italy under the provisions of the McClellan Act is the concluding step in the perfection of our State-wide service," Mr. Baciagruppi said. "Nationalization not only means continuing operation within the Federal reserve system, but also insures for the institution the full credit of the modernized powers conferred upon national banks."

"For a considerable period the Bank of Italy has held an important role in the finances of the nation and the world, and is the largest member of the Federal reserve system in the Pacific district. The time has now come when the bank should assume the responsibility that attends the national prominence to which it has risen, and we believe the most direct way to do this is through pursuing our present course."

"In addition, it is obvious that California is certain to gain in prestige by possessing within the Federal national bank in America, and as ardent Californians we can scarcely be unmindful of whatever may be returned to the benefit of the State in which the institution was created, and in which it has experienced such prosperity."

The Bank of Italy is credited with the second largest holdings of government bonds in the United States, ranking next to the First National Bank of New York.

## NAME AUTOCAR HEAD

Robert P. Page, Jr., Elected to Succeed L. L. Woodward

Directors of the Autocar Company, manufacturers of motor trucks, at their annual meeting recently, elected Robert P. Page, Jr., president of the company, succeeding L. L. Woodward, who died on January 16, last. Mr. Page, a Virginian, joined the Autocar organization as a salesman in 1912.

A ratio of current assets to liabilities of 2.51 to 1 on December 31, last, as against 2.26 to 1 on the same date of 1926 is shown in the company's balance sheet just issued, revealing results of a policy, adopted early in 1926, having for its purpose the reduction of notes and accounts payable.

## London Daily Radio

BY ARTHUR W. KIDDY  
Copyright, 1927, by New York Evening Post, Inc.

LONDON, Feb. 28. (By wireless)—The markets were steady at the opening today with money being absorbed by tax payments. Indications are that some of the recent new issues have not been placed so readily as had been expected. The Sheffield Corporation stock is selling at a discount of 1-4, while the new government 4 per cent loan is selling 3-8 below its offering price.

The railway market was strong; the oils were the only issues to show any signs of life in the speculative section.

The Hongkong Bank balance sheet reflects the previous large realizations on silver, its silver reserve being £14,000,000 lower, while its sterling reserve was £1,500,000.

Moderate cheerfulness was maintained by the markets throughout the entire session today.

## Gladding and Renton Coal Firms Merge

SEATTLE, Feb. 28. (AP)—Absorption of the \$1,000,000 Denny-Renton Clay and Coal Company into the coastwise organization of Gladding, McBean & Co., which now will operate two large plants in California, Oregon and Washington, with a combined valuation of about \$10,000,000, was announced by Paul H. Macdonald, vice-president of the company, here today.

The Gladding, McBean & Co. organization has five plants in California, one in Oregon and four in this State.

## DICTAPHONE HEAD DIRECTS NEW LINE

WOODBRIDGE ELECTED CHIEF EXECUTIVE OF ELECTRIC REFRIGERATION

In accordance with its policy of continually strengthening its personnel, the Electric Refrigeration Corporation of Detroit announces the election of C. K. Woodbridge as executive vice-president, general manager and member of the board of directors and the executive committee of the company. The company manufactures the Kelvinator, Nizer and Leonard refrigerators.

Mr. Woodbridge, in order to accept the new position, has resigned as president and director of the Dictaphone Corporation, and its subsidiaries, and Leon Carl Stowell, who has been a business associate of Mr. Woodbridge for thirteen years and vice-president of the Dictaphone Corporation, has been elected president in his stead.

As president of the International Advertising Association, an association of prominent users of advertising, Mr. Woodbridge has won national and international reputation. During 1926 he traveled over 30,000 miles through the United States, England, France, Germany, Belgium and other countries in the cause of advertising. At the Philadelphia advertising convention, the delegation from France awarded him, on behalf of the French Republic, the Cross of a Chevalier of the Legion of Honor for his service as a builder of international amity and good-will.

## ASSESSOR'S ARMY READY

Deputies Begin Next Week to List Personal Property; Tax on Securities Favors Investor

BY EARLE E. CROWE

Next Monday County Assessor Ed W. Hopkins will deploy his army of 400 deputies into the county to find out just how much the residents are worth in personal property. Fresh from training school, where they have been tutored in tactics and methods of appraisal, these deputies will make it their business to value all personal possessions for the purposes of taxation for the next fiscal year beginning June 30. Residents failing to furnish the information requested will run up against stiff penalties, while those concealing property will be prosecuted.

## RESOURCES OF NATIONAL BANKS GAIN

Combined Assets of All Institutions Amount to \$25,683,849,000

WASHINGTON, Feb. 28. (AP)—The combined resources of the 7912 reporting national banks in the Continental United States, Alaska and Hawaii, amounted to \$25,683,849,000 at the close of business December 31, 1926.

The figure, made public today by the Comptroller of the Currency, represented a decrease of \$108,563,000 from the combined resources of the 8054 national banks reporting at the end of 1925, and an increase of \$264,435,000 over the resources of 7978 national banks reporting on June 30, last.

Investments in United States government securities amounted to \$2,282,571,000, a reduction of \$240,329,000 since December 31, 1926, and of \$108,563,000 since June 30. Other bonds and securities held amounted to \$5,507,821,000, an increase of \$154,888,000 since June and an increase of \$1,000,000 since December 31, 1926.

There was a decrease of \$37,407,000 in cash held in banks compared to December 31, 1926, and a total of \$1,926,000,000 at the end of 1926 being \$382,700,000. This also was a decrease of \$7,242,000 since June 30.

The percentage of loans and discounts to total deposits at the end of 1926 was 65.02, comparing with 64.21 at the end of 1925 and 65 on June 30.

Total deposits, including amounts due to bankers, cashiers and certified checks outstanding, were \$20,883,999,000, an increase of \$831,877,000 since June, and a decrease of \$216,660,000 since December 31, 1926.

Liability for money borrowed, as announced by Federal Reserve banks, aggregated \$625,658,000, representing an increase of \$188,000,000 since June, but a decrease of \$39,224,000 from the figure at the end of 1926.

Loans and discounts, including real estate, increased \$102,000, and \$87,997,000 over June 30, 1926, and over December 31, 1925, respectively, reaching a total of \$13,373,070,000.

Capital stock paid in was \$1,410,728,000, representing a decrease of \$140,000 under the figure of June 30, and an increase of \$1,662,000 over December 31, 1926. Surplus and undivided profits were reported at \$1,684,168,000, an aggregate increase of \$17,710,000 in the half-year, and \$51,388,000 for the full year.

Under the 7 per cent law, the amount of taxes collected in California on foreign stocks and bonds and solvent credits was \$1,000,000, an increase of \$1,000,000 over the figure of last year. Mr. Hopkins reports that declaration of securities has increased materially since the law went into effect, and he expects that the coming tax collections will show an increase in the total amount over that collected under the old law, even though the assessed valuation has been decreased from 50 per cent to 7 per cent.

War veterans are also favored in the instances where their total wealth is not more than \$2000, by bringing their discharges to the Assessor's office, they may apply for an exemption of \$1000 in assessed valuation.

Some idea of the tax collections and the amount of assessed wealth in Los Angeles is given in the following table:

Assessed wealth in Los Angeles, 1916 to 1926. Total assessed valuation, exclusive of public utilities and banks, has increased \$2,140,000, an average of \$225, and securities and solvent credits were assessed at \$437,052,220. Tax collections in 1926 were \$97,907,088.98.

## COMMONWEALTH EDISON REPORTS

RAILROAD EARNINGS  
NEW YORK, Feb. 28. (AP)—January surplus of the Chicago, Rock Island and Pacific was \$302,850 after charges, in contrast to a deficit of \$108,200 for January, 1926. Revenues were \$11,090,155 against \$10,531,144.

The Northern Pacific's net operating income for January fell to \$348,538 from \$1,011,794 in January, 1926, and gross to \$5,969,623 from \$6,654,289.

January net operating income of Chicago, Burlington and Quincy was \$1,908,787, against \$1,202,578 a year ago, but gross declined to \$11,896,797 from \$12,613,429.

## FEBRUARY COMMERCE INCREASES

Value of Cargo Moved in and Out of Local Port in Month Shows Gain

During the short month of February, 1,909,527 tons of cargo, with an aggregate value of \$67,990,974, passed in and out of Los Angeles Harbor, an increase of 208,690 tons and \$10,061,358 in value over the corresponding month of last year, according to figures announced yesterday by E. N. Canardo, of the marine exchange of the Los Angeles Chamber of Commerce.

Outbound commerce totaled 1,521,504 tons, valued at \$30,545,774, while inward cargo totaled 388,023 tons with an aggregate value of \$37,445,202.

Outbound commerce in all of the various trades showed an increase over a year ago while only the foreign and intercoastal trades reported greater tonnage in February of this year over 1926. The bulk of cargoes was handled in the foreign, intercoastal and coastwise export trades.

Foreign outbound commerce totaled 493,699 tons with an aggregate value of \$6,566,464; intercoastal vessels handled 462,228 tons valued at \$6,578,068 in the outward service, and coastwise vessels carried 342,077 tons valued at \$10,955,395 from this port.

During February 602 vessels under twelve flags visited Los Angeles Harbor, an increase of twenty-one over the same month of last year. Movement of crude petroleum totaled 9,808,228 barrels, made up largely of crude and fuel oils and gasoline.

Lumber shipments received during the month totaled 85,204,000 board feet, bringing the total since the opening of the year to 1,683,301,000 board feet.

## Net Profits of Santa Fe Road Up in January

Net operating income of the Santa Fe System for January, last, amounted to \$4,557,840, as compared with \$3,831,399 for the same month of last year, a gain of \$726,441, according to the company's monthly report issued yesterday.

Gross operating revenues for January were \$21,545,815, an increase of \$4,537,840 over the total of \$17,774,401 for the corresponding month of 1926. Operating expenses were \$16,987,975, an increase of \$2,584,000 over a year ago.

Tax accruals for the month were \$1,274,550, and for January, 1926, \$1,410,383, an increase of \$132,847. The mileage in operation was 12,326, an increase of 194 miles on the full average mileage in operation in January of last year.

## Daley's Sales Since First of Year Show Gain

Sales of Daley's, Inc. for January, last, amounted to \$670,895, as compared with \$655,312 for the corresponding month of last year, an increase of \$15,583, or more than 2 per cent, according to a report issued by the company yesterday.

Net profits for January, according to Joe Daley, president, were more than two and one-half times the amount made during the same period last year.

Sales for February of this year will show a proportionate increase over February of last year, with a very good profit showing.

Since the first of the current year, five new retail stores have been opened, and two new cash-and-carry wholesale stations.

## APPROVE THIRD ISSUE FOR ROOSEVELT WATER

PHOENIX, Feb. 28. (Exclusive)—Approval has been given by the State Certification Board to a third issue of bonds for the Roosevelt Water Conservation District, which embraces 40,700 acres of land lying generally east of Mesa and Chandler, at an elevation above that of the Salt River Valley Water Users' canal. The previous issue totaled \$2,000,000 and \$1,000,000, for construction, purchase of large pumps and for lining head canals of the Water Users' system. The new issue, to be voted by stockholders will total \$800,000, and will be used in lining the main district canal with 2,000 yards of concrete to save 30 per cent of flow now lost by seepage.

## Business Philosophy

By William Feather  
Never try to "beat" the market when the map is running.

This was the rule of an old-time trader.

Col. Leonard Ayres, vice-president of the Cleveland Trust company, said yesterday, up and found it to be a peculiar fact that for the last fifty years the market has seldom been depressed during the months of March, April or May.

Notwithstanding the artificiality of modern life and our seeming independence of the seasons, we are apparently affected by nature more than we realize.

An old manufacturer for whom I once worked used to say that one hour before 9 a.m. was worth two hours after 3 p.m. The early hours are the golden hours of the day, just as the early months are the golden months of the year.

## CLEARINGS CONTINUE CLIMB

Local Bank Business Barometer Sets New Record for February and Keeps Chain of Gains Unbroken

Bank clearings in Los Angeles for the month of February, as reported yesterday by the Los Angeles Clearinghouse Association, broke all records for the month, and in addition passed the total reported in San Francisco by a comfortable margin. Clearings in Los Angeles totaled \$736,821,301.72, compared with \$750,800,000 for San Francisco. The Bay City clearings represented a decrease of about \$44,000,000 from the same month of last year.

February clearings in Los Angeles—Schwab's also showed a marked increase, rising from \$200,861.18 a year ago to \$260,000 for February of this year.

With the exception of two days, bank clearings every day in February exceeded the total for the corresponding day of February of last year. The total for the month, in exceeding the corresponding month of the preceding year, set a new record for any one month in the history of the city.

As another index of business activity, Postmaster P. F. O'Brien yesterday reported an increase in postal receipts of 10.47 per cent over a year ago. Receipts for February were \$717,683.90, against \$649,940.65 for February, 1926. Collections by the office of Collector of Customs Lewis H.

## NEW YORK CURB STOCKS

NEW YORK, Feb. 28. (AP)—A marked improvement in tone was shown by today's curb market, due largely to the resumption of speculative operations for the advance in several industrial stocks. There were a few spots here and there, but few points of actual weakness. Trading showed a moderate expansion in volume.

Servel Corporation of Delaware was one of the most active industrial issues, touching a new 1927 high at 10 3/4, giving the recently issued "rights" to purchase new stock at \$10 a share, a cash value for the first time. Goodyear Tire jumped over 4 points to a new top at 37 3/4, but lost part of its gain. Shredded Wheat (new) jumped nearly 6 points to a new peak at 68, and activity at rising prices also took place in Rand Karter, White Sewing Machine, Bohn Aluminum and Dunhill International.

Motors were mixed. Durant, Stutz and Packard improved fractionally, but Rickenbacker, which sold as high as \$6.50 last year, touched a new low record at 50 cents a share. Brill Corporation, Freshman Radio, and Gillett Safety Razor were heavy losers.

Oils held up fairly well on the extension of recent gasoline price cuts. Ohio Oil closed nearly a point higher, but Illinois Pipe Line and Standard Oil of Nebraska (new) each fell back about a point. Most of the others showed narrow fractional changes. Public utilities displayed a somewhat firmer undertone but with the exceptions of gains of about a point each in Empire Power and U. S. Lighting and Heating, the changes were largely fractional.

The closing price is quoted under the name of the stock and the bid and ask prices are shown in the following table:

## BANKS APPROVE ALL-YEAR QUOTA

ment of \$50,000 to  
Fund Subscribed

Regarded as Outlay for  
Prosperity

Advertising Value Shown by  
Study of Growth

By unanimous vote and with hearty  
support the Los Angeles banks  
today subscribed \$50,000 to the  
\$100,000 promotion budget of the  
Los Angeles Chamber of  
Commerce. The \$50,000 was the full  
amount for the banks as determined  
by the joint financial committee  
of the chamber and the All-Year  
Quota, which, under the name of the  
Los Angeles Forward Movement,  
is raising the money.  
The quota was determined on the  
basis of capacity to reap benefit from  
community advertising and other  
promotional work that will  
benefit the city.  
The subscription for the  
quota was made by the executive  
committee of the Los Angeles Chamber  
of Commerce at a meeting in  
the board rooms of the Farmers' and  
Merchants' National Bank. Members  
and their representatives at the  
meeting were:

**MEMBERS PRESENT**  
Security Trust and Savings Bank,  
J. P. Bartori, president; Farmers'  
and Merchants' National Bank,  
A. Graves, president; the  
Security Bank, Andrew M. Chaffey,  
president; Union Bank and Trust  
Company, Ben R. Meyer, president;  
Security National Trust and Sav-  
ings Bank, C. B. Bell, vice-president;  
Security National Bank, Herbert D.  
Bell, vice-president, and First Na-  
tional Bank, William Thompson, vice-  
president.

The action taken was for all of  
the member banks of the Los An-  
geles Chamber of Commerce. The  
subscription was made by the  
banks as an investment in the com-  
munity prosperity of Los Angeles.  
The United States Senator  
John P. Flint, chairman of the  
board of directors of the All-Year  
Quota, presented the schedule of the  
quota and the companion work of  
the Chamber of Commerce. Then  
he reviewed the past work in the  
quota of a bank statement.

**RECORDS COMPARED**  
A comparison was made for the  
years from 1920 to 1926—the  
year of advertising of the All-Year  
Quota—with the six years from 1914  
and from 1908 to 1914. This  
was taken to show relative  
growth of Los Angeles during the  
years of advertising and in the same  
years there was no adver-  
sity. The record of the last six  
years with its population increase  
of Los Angeles of 602,000 and its  
than proportionate increase in  
terms of wealth including bank  
assets was so convincing that the  
action followed.

"The banks," said former Senator  
John P. Flint, "have met their full share. It  
is the financial assignment pro-  
vided for them, determined by their  
ability to reap a reward from the  
quota. The fund-raising com-  
mittee has been most painstakingly  
in its effort to apportion the financial  
burden as equitably as humanly pos-  
sible. The full acceptance of the  
quota by the banks is a indica-  
tion that the work was well done.  
The definite feeling that every  
bank will subscribe its quota."

## BUNNY SHOW AT COMPTON OPEN TODAY

entries of Prize Rabbits  
reach 2200 and industry  
exhibits will total 125

With every booth stocked with  
exhibits of products of the  
south of Los Angeles and  
many all the prize rabbits in  
California on display,  
today noon will open its  
annual industrial and fur rab-  
bit show. It will run for a week.  
J. B. O'Brien, in charge of the fur  
show, announced the total of rab-  
bits had reached 2200. He  
said this definitely establishes the  
show as the largest ever held in this  
city, and puts it on a basis of  
parity with the best of European  
exhibitions.

Men, women and chil-  
dren will start shortly after noon  
to the south of the city's  
street. The procession will  
start at the exposition grounds,  
ceremonies under the direc-  
tion of the Rotary Club are sched-  
uled.

acres of Compton property  
been fenced off for the show.  
The tents are 175 industrial dis-  
trict.  
Arrangements for additional rabbit  
entries were made when it was found that  
the entries would exceed 2000.  
Operators of the Southland  
show hours alongside crated ani-  
mals the exhibition cages were  
obtained and situated into  
the grounds.

torrence, Torrence, Morita and ad-  
juncts have received special  
admission for tonight, and will be  
the exhibition by the Gar-  
field Municipal Band. Receptions  
tonight are planned for Los  
Angeles officials, and the officials of  
the other Southern California  
cities. Mayor Dickinson will be in  
charge of receptions today and to-  
morrow.

a dramatic scene at the bed-  
room of her father, whom she is ac-  
cused of having shot in the cheek  
several weeks ago, Mrs. Norma C.  
Thomas was held to answer on a  
charge of assault to commit murder  
before Municipal Judge Blake at San  
Bernardino yesterday.

Thomas's father, Alvin H. Hy-  
att, is a well-to-do inventor living  
at 3000 South Grand avenue, San  
Bernardino. The preliminary hearing was  
held at his bedside.  
Prosecutor Royal S. Riddle repre-  
sented Mrs. Thomas.  
The father said that on the morn-  
ing of Feb. 27, he was shot in the head  
by his daughter, saying, "I'm going to  
kill you, dad." The force of the shot  
blew him out of bed, he said.

**WINTER RADIO SLUMP AVOIDED**  
Reception Assists Seasonal Sales  
Program Picked Up in Far-Off South Seas  
A Card Sent in to Studio Canary

DR. RALPH L. POWER  
There is no summer slump as there is no winter slump in the radio business. Reception of good programs is an established fact. Callers station and chain hook-ups continue to supply radio programs, although, of course, DX cannot get the distance of summer months.

Important events and stellar attractions still come to Radioland in the months of summer as well as at other times. National celebrations, divorce addresses and stupendous musical productions will be as much the feature of future programs as in the past.

**NEW SEASON NEAR**  
The new season for radio sets begins in April and May rather than in October and November. The new models will be announced and a number of refinements are scheduled. This is important to new-set buyers, but not to present fans, although, although we will be new sets, nothing revolutionary in set design and construction is expected.

**CITY FREED IN PASADENA STAND SUIT**

**Court Rules Municipality Not Liable for Injuries in Crash of Structure**

The city of Pasadena cannot be held responsible for damages growing out of the collapse of a grand stand during the Tournament of Roses at Pasadena on New Year's Day, 1926.

Several score suits, asking damages totaling more than \$2,000,000, were filed against the city, the Tournament of Roses Association, and others in connection with the collapse of the grand stand. Plaintiffs in the actions sought to hold the city responsible on the theory that its building inspectors had certified the stand as safe.

In sustaining the city's demurrer in the test case, Judge Schmidt held that under the laws of the State the city could not be held responsible for the acts of its agents. It is considered likely that demurrers in all the actions in which it is named as defendant will be instituted in order to clear the city of responsibility.

**REPETITION WEARIES**

**Car Owner Tires of Repeated Thefts of Gasoline and Calls Police**

James Robertson, itinerant motorist, was brought before Municipal Judge Richardson yesterday on a charge of stealing gasoline.

Testimony showed Robertson had requested for gasoline when his tank ran dry last Saturday. He found Charles Elliott's car parked conveniently near and made away with a quart of gasoline. He returned several times, according to Elliott, who finally tired of the sights and called the police.

Robertson pleaded guilty to the charge and Judge Richardson imposed a ninety-day jail sentence which he suspended for two years.

**BOY HORSE LOVERS IN TOILS**

A desire to "follow the horses" yesterday led two boys of Winnipeg, Man., into Judge Archibald's Juvenile Court on charges of forging checks for a total of \$1600 against the account of G. O'Connell, a horse fancier of Whittier.

The boys are Arthur Charles Kregger, 17-year-old son of Dr. Charles Kregger, a Winnipeg physician, and John E. Bryans, 16-year-old chum of Arthur. According to the probation officer's report in the case, the two boys became acquainted with O'Connell at Winnipeg during the fall racing season. They expressed a desire to come to Whittier and later followed O'Connell to that city.

When O'Connell saw their predicament, he offered them jobs as watchmen, which they accepted. The boys then were said to have forged the checks against O'Connell's account and to have gone to New Orleans with the proceeds.

The report continued that the youths lost the money they had obtained by playing a "tip" on the New Orleans races, and they were practically destitute when arrested in the southern city by Los Angeles officers. Judge Archibald pronounced the boys wards of the court and ordered them turned over to the immigration authorities for deportation to Canada.

**Inquiry in Death and Identity of Girl Terminates**

Deputy Sheriff Keating yesterday closed his investigation of the death and identity of Betty Edwards, former nurse, who, known only as "Just Ruth," committed suicide last Thanksgiving in the rooms of Adolph Schultz, aged news vendor and her only friend.

Keating received word from the girl's father, Walter Edwards of Ogden, Utah, that a sister is en route to Los Angeles to obtain the body of Betty.

The tragic death of the young woman, homeless and friendless and out of work, attracted widespread sympathy. She was buried in Forest Lawn Cemetery, hundreds of men and women donating to the funeral expenses and sending wreaths of flowers to bear upon her grave.

Remove that film—see what a great difference comes

Run your tongue across your teeth, and you will feel a film, a viscous coat that covers them.

That film is an enemy to your teeth—and your gums. You must remove it.

It clings to teeth, gets into crevices and stays. It absorbs discolorations and gives your teeth that cloudy, "off-color" look.

**FREE—10-Day Tube**

Germs by the millions breed in it and lay your teeth open to decay. And they, with tartar, are the chief cause of pyorrhea and gum disorders.

Tooth troubles and gum troubles now are largely traced to that film. Old-time methods fail in successfully combating it. That's why, regardless of the care you take now, your teeth remain dull and unattractive.

**New methods remove it. And Firm the Gums**

Now, in a new-type dentifrice called Pepsodent, dental science has provided effective combatants. Their action is to curdle the film and remove it, then to firm the gums to coral tint.

Now what you see when that film is removed—the whiteness of your teeth—will amaze you.

Ordinary methods fail in these results. Thus the world has turned, largely on dental advice, to this new method.

## PASADENA WAR ON GAS OPENED

Investigation of Quality Requested by City

Appeal to State Railroad Commission Filed

Complaint Says Grade Not Up to Promise

An investigation of the kind of gas being sold within its territorial limits and an order altering rates were requested by the city of Pasadena in a complaint filed yesterday in the local office of the State Railroad Commission.

It is asserted in the complaint that on only two occasions between January 25 and February 22, last, did the beating value of the natural gas in Pasadena exceed 1100 heat units per 1000 cubic feet. The average heat value was 1046 heat units, it was asserted.

The complaint further sets forth that it was the intent of the commission that gas having 1125 heat units should be served under the terms of a decision rendered December 31, last, when the gas companies were given an option of serving natural gas at higher rates than charged for mixed gas. The gas companies serving the Los Angeles and Pasadena areas took advantage of this option and are now serving natural gas.

Gas Engineer Brown of the Railroad Commission yesterday declared that the decision did not fix a standard heating value for the gas to be served and that another month will probably elapse before the new service is perfected and all complaints are eradicated by adjustment of appliances and other means.

Charges that the Los Angeles Gas and Electric Corporation has served mixed gas at times since it elected to furnish only natural gas to its consumers, that the decision inadequately protects the consumers because it fails to establish a heating value which the companies are required to meet, that the pressure is variable and causes pilot lights to be extinguished and endangers lives and that the natural gas contains carbon dioxide were also contained in the complaint.

The alteration of rates is asked on the grounds the consumer should pay for the heat value he receives from the gas rather than on a straight volume basis.

## 'BABE' RUTH RULED SAFE ON WARRANT

Ball Player Goes East to Talk Over His Salary as Deputies Seek Him

By hastening to New York to discuss with Col. Ruppert the slight matter of his \$200,000 salary demands, George Herman Ruth, ball player, vaudeville and motion-picture actor, avoided a warrant in the hands of deputy sheriffs yesterday. The warrant was issued at the request of Deputy State Labor Commissioner Gus of San Diego, and charges Ruth with violating that section of the Penal Code, referring to the employment of child labor. Deputy sheriffs returned the warrant after ascertaining that Ruth had closed his work at the First National studio and had left Saturday for New York.

SAN DIEGO, Feb. 28. (AP)—The warrant for the arrest of Babe Ruth, received by the Sheriff's office in Los Angeles this morning, was obtained here last Friday by Deputy State Labor Commissioner Gus on charges of violating Sec. 273 of the State Penal Code.

Ruth specifically is charged in the complaint issued against him with having exhibited a young girl named Ernestine Fuller, on the stage at one of his vaudeville appearances here more than a month ago. Ruth was acquitted last Friday in Police Court of having violated the State labor law in having invited children to go on the stage and receive autographed baseballs.

## Judge Bush to Make Race for Another Term

Judge Guy F. Bush yesterday formally announced his candidacy to succeed himself as a member of the Municipal Court.

One of the first to receive notification of his decision was his uncle, Charles W. Bush, retired attorney now living in Hollywood. Judge Bush took occasion to thank his uncle for making possible the education of himself and his twin brother, Eli F. Bush, at the University of Michigan.

Judge Bush and his brother graduated from the university in 1906. He was admitted to the bar of Michigan in 1909 and to the California bar in 1911. He practiced law here until appointed to the Municipal Court by former Gov. Richardson.

He is a member of the board of trustees of the Temple Baptist Church, president of the brotherhood of that church and vice-president of the Los Angeles Baptist City Mission Society. He is a member of the Masonic Club, the University Club, the Brotherhood Club, the Electric Club and the State and local bar associations. His wife is well known as a singer and is connected with leading musical organizations and women's clubs in Southern California.

## Speaker Lauds 'Times' Stand in Foreign Affairs

The Los Angeles Times has consistently maintained a correct policy in international affairs," declared

Reynold E. Bight, in an address yesterday noon before the Electric Club on "The International Crisis."

"In its stand for a better understanding among the English-speaking nations it is promoting the peace of the world, because it is perfectly obvious that the wealth, power and idealism of the Anglo-American races enable them to dictate universal peace."

In voluntary co-operation among the nations to promote the common good, the speaker continued, will be found the only assurance for permanent peace.

The world is too small, he said, for the United States to remain isolated. Our interests are interwoven with all the great nations, and we must work together with them in the effort to realize humanity's dream of peace, justice and enlightenment.

## Expansion of Court of Appeal Ruled Illegal

Appointment of a whole additional division of the Second District Court of Appeal is illegal, the Supreme Court ruled yesterday, according to a motion received at the local office of the court. The ruling was in a test case, brought to discover the powers of the new Judicial Council.

Chief Justice Waste as head of the council had designated Superior Court Judges Guerin, Archibald and Elliott Craig to sit independently of the other justices of the Court of Appeal and hear cases.

The Supreme Court holds that the number of departments of the Court of Appeal is fixed by the Constitution and cannot be changed without an amendment.

## TUJUNGA POLICE HEAD DIVORCE DEFENDANT

William Winsford Scott Hedrick, chief of Tujunga's police, is defendant in a complaint for divorce which Arva Lorelei Hedrick, has filed in the office of the County Clerk. The head of the force has been devoting too much of his scintillating talent to shadowing his wife, Mrs. Hedrick's complaint recites. Mrs. Hedrick also charges Hedrick with paying undue attention to one Mrs. Micholice and thereby attracting the notice of Tujunga gossip. The Hedricks were married in 1908 and separated in 1925, according to the complaint.

**EDITOR TO GIVE ADDRESS**  
Reynold E. Bight, editor of the Masonic Digest, will be the principal speaker at a dinner to be given by All Souls' Church tomorrow evening in the Wilshire Masonic Temple, Third and Oxford streets. Rev. Charles F. Aked, pastor of the church, will preside.

## BUNGALOW HOSPITALS APPROVED

Councilmen Amend Law to Permit Building of Frame as Four Protest

The ordinance permitting bungalow hospitals by amending the present building ordinance which restricts hospitals to Class A fireproof buildings, was yesterday adopted by the City Council. Councilmen Allan, Barnes, Hughes and Moore voted no on the ordinance on the ground that as the city had spent years in placing all hospitals in fireproof structures by prohibiting wooden hospital buildings, the ordinance should not be adopted.

The sponsors of the bungalow hospital ordinance said that by the terms of the measure no more than three patients may be cared for in these hospitals, that no surgical cases can be received, and that the health department will have complete supervision. The motion to adopt the ordinance was made by Councilman Barker, seconded by Councilman Golden, chairman of the Council's Health and Sanitation committee.

## BURIAL OF MRS. LEWIS TOMORROW

Rebekah Lodge to Conduct Last Rites for Well-Known Realty Woman

Funeral services for Mrs. Sarah E. Lewis, who died Sunday at the family home, 631 North Lucerne Boulevard, after an illness of three months, will be conducted at 10 o'clock tomorrow morning at the Little Church of the Flowers, Forest Lawn Cemetery. Arrangements have been made by the W. A. Brown undertaking parlors and the Rebekah lodge will be in charge of the service.

Mrs. Lewis was born in Liverpool, E., but had been a resident of Los Angeles since 1897. She was engaged in the real estate field and had been successful in the management of several apartment-houses. Mrs. Lewis leaves a son, Walter Lewis of San Francisco, and a daughter, Mrs. John Pierce of this city.

**CHOIR TO GIVE MUSICAL**

## INDIA HELD BURNING TO WEST'S GOD

Country's Mind Focusing Christ, Says Missionary Address Here

India is being focused on Christ, declared Rev. E. L. Gunter, missionary, in an address yesterday before the Christian Association at the First Methodist church. "If Gandhi, who is a great man, can by his acts cause all India to look to Christ as an ideal character, there is no limit to what India can accomplish when she turns truly Christian."

The organization represented by Gunter and Rev. Arnold, who accompanied him, has been working Christian mission in the villages of India and in the city of Ceylon.

Rev. E. L. Gunter, who headed the mission recently sent to Sacramento, the Ministerial Association for the commission of the mission against Scott Stone, Gov. Young's secretary, to take the matter up with the Governor.

Enough evidence to make a free man, if it is proved," said Mr. Gunter, "the relatives of the man who died the 11th inst. for the cause of the Martin girls be to be guilty."

James Brown, president of the Christian Association, was directed to a committee of clergymen and laymen to coordinate the work of the mission with the World of Life Association, which Rev. Thomas N. Carter, minister, to the church, to give several laymen to be as the church brotherhoods and members of the board of the association.

## Swordsmen Tells of Way He Left Spain

It wasn't the fault of Juan Romero, champion swordsman of Spain, that a beautiful dancer fell in love with him and the only complaint he has, he explained in his apartment at the Biltmore, is that her intuition for him was indirectly the cause of him having to leave Spain. She neglected to tell him, he said, that a certain Spanish Duke was in love with her and was insanely jealous.

So it was that after the couple had been seen together in public a few times, the Duke sent for Romero and whispered that, while Spain was a fairly good-sized country, it was not big enough for both of them; particularly while they both loved the same girl.

Of course, Romero might have mentioned something about deciding the issue with a shining blade but that solution presented another difficulty, Spain, he said, takes its royal blood rather seriously and, had he defeated the Duke in a duel, the best he could expect was the death penalty for his victory.

Romero packed his "words and other belongings and set out for Paris, and arrived in New York four weeks ago. He came to Los Angeles Sunday and expects to be here for some time, he said, through his interpreter. He said he wished to see the American Spain, of which he has heard so much.

It is said if the table silver in the house where one person has a bad cold is boiled once a day it will aid greatly in preventing the cold from spreading through the house. Times of forks are said to be germ carriers, in particular, unless carefully washed and scalded.

## TAXPAYERS PROTEST ON PARK LANDS

Arroyo Seco Purchases Planned Bring Crowd to Council Meeting

Chairman Hughes of the City Council's Parks and Playgrounds Committee yesterday announced to a large number of property owners at the City Council session to protest against being assessed for Arroyo Seco park land purchases Nos. 1, 2, and 3 that the matter will be considered at a meeting of the committee to be held at 1 o'clock tomorrow afternoon.

The protesting property owners filed a communication and petition with the Council and also stationed two men outside the City Hall carrying banners worded against the park project being put through under the assessment district plan.

Assessments for Arroyo Seco Park No. 1 have been levied, and the protesters asked that some method be found that the assessments could be refunded. Park projects Nos. 2 and 3 to purchase land to be added to the first unit, the delegation asked to have abandoned until a plan can be worked out for the county as a whole to pay for the land.

Officers of the Victory Park Assessment District Association Committee, which is leading the battle against the park project, are Ed E. Wilcox, chairman, and Emma B. May, secretary.

## FIGHTER'S DEATH DUE TO HEAD HEMORRHAGE

A coroner's jury yesterday exonerated everybody in connection with the death of Leon Escala, Filipino boxer, who died Thursday night after a ring bout with Michael Comesa. The inquest was conducted by Deputy Coroner McDonald and developed, it was said, that Escala died from cerebral hemorrhage brought about by high blood pressure, and was not caused by blows received in the ring.

## Kite Caught Among Wires Halts Power

Thousands of homes in the southern part of Los Angeles were without power and light service for a considerable period early yesterday and damages amounting to several thousand dollars were suffered by the distributing system of the Municipal Power Bureau, when a kite being manipulated by a small boy in the vicinity of 8523 Manhattan avenue became entangled in a 25,000-volt power transmission line, and caused a short circuit.

The boy apparently was not seriously injured. This was regarded as nothing short of a miracle by Power Bureau engineers, who investigated the break.

With the opening of the kite-flying season, Chief Electrical Engineer Sontagood of the Power Bureau yesterday issued the following warning: "We wish particularly to warn the parents of small boys against the dangers of flying kites in those portions of the city where there are overhead electric lines. When a kite line becomes entangled in a high-voltage electric line and causes a short circuit it is almost certain to result in instant death to the boy flying the kite."

"In addition to the danger to the boys, these short circuits cut off electric service to thousands of people and result in damages to the electric lines amounting to many thousands of dollars."

## Two Girls Held on Suspicion of Stealing Goods

Dorothy Darrell, 20 years of age, and Roma Quigley, 21, two unusually pretty girls, were arrested yesterday by Detective Lieutenants Quigley and Anderson at a hotel at Ninth street and Grand avenue on grand larceny charges.

In their room, the detectives declared, was found about \$1500 worth of clothing, furs and jewelry, the property of Mrs. Albert Green of 3081 1/2 Las Palmas Drive. The Darrell girl, it was said, formerly worked as a maid for Mrs. Green and was discharged. The loss was discovered after she left.

## STUDENTS TO HEAR ADVERTISING TALKS

The first of a series of talks to be given to advertising students at Woodbury College by men and women prominent in the local advertising field will be delivered tomorrow afternoon, Charles W. McPhet, sales manager of the Zellbach Paper Company, will discuss "Paper." Mr. McPhet has invited all Woodbury high-school students to visit the Zellbach plant on South Los Angeles street as a supplement to his address. On the 8th inst. they will make this trip in a body, under the leadership of Prof. Clark and Prof. Hill of the Woodbury business administration department.

## Extra Dues for Whist Club as Result of Fine

Whist will come high for members of a Central Avenue Whist Club this month if Mrs. Lucille Andrews, 1489 East Twenty-third street, hostess at the last Saturday night meeting of the members, is successful in the collection of "extra dues" imposed by Municipal Judge Turney yesterday.

Mrs. Andrews appeared to plead guilty to a charge of possessing two pints of liquor in her home Saturday night, when officers arrived. "Yassuh, yo' honah," Mrs. Andrews declared after Deputy City Prosecutor Higgins had presented his case. "I had the liquor in mah home when I was entertainin' our whist society's meeting."

"Of course the other members will chip in to help you pay your fine," said Judge Turney.

"No, sah, judge, I am afraid they won't help me none," Mrs. Andrews said.

"I think your club should increase its dues this month to help you," said Judge Turney. "The fine will be \$50."

**Going Up and Going Down**  
When straightening up the house in the morning, I always put the pile of things that belong downstairs at the top of the flight so they can be picked up when the doorbell rings and taken down with me. The same thing applies at the bottom of the stairs. It is a good habit to start, as it saves many steps.

## OFFICERS SUSPECT OLD HOLD-UP RUSE

Bandits stationed along lonely canyon roads are using the old ruse of feigning death by lying alongside the road in order to hold up motorists who stop to give aid. This was indicated by a report made to the Sheriff's office yesterday.

The report was made by A. G. Brigham, storekeeper in Topanga Canyon, who said that a man named Frank Buell of Wilmington arrived breathlessly at his store and told of seeing a dead body along the road.

The Sheriff's office was notified. When deputies arrived they found no trace of a body. Later a passer-by told them he had seen the supposedly dead man get up from the road upon the approach of the officers and join others in the bushes.

**MUSSOLINI TOPIC OF UNIVERSITY DEBATE**  
"Resolved, that Mussolini is a benefactor to Italy" is the question of debate with the University of Southern California upholding the negative at Stanford University at Palo Alto tonight. Stanley Hopper and Adna Leonard are representing the Trojan institution. Hopper was recently winner of the extemporaneous speaking contest at Southern California. The same question will be debated again Thursday evening in Harvard Auditorium at Southern California, between the two universities, with the Trojan debaters defending the affirmative of the same question.

## British Finance Expert Back for Lecture Series

Mr. George Fisher, financial expert and banker of London, who has been touring the United States since January 1, returned here yesterday from a short stay in San Francisco and will be the guest of Mr. and Mrs. William Gibbs McAdoo at their residence in Berkeley square the forthcoming week.

While here, Mr. Fisher will give a number of lectures. Tomorrow noon he will be the principal speaker at the City Club luncheon. His subject will be "Roads to Prosperity." Friday noon at the Friday Morning Club he will talk on "Is the World Facing a Financial Crisis?" and Sunday evening at the Liberal Catholic Church he will speak on "International Brotherhood." Last night he was the guest of the University Club at a dinner at which he spoke on the "League of Nations."

Mr. Fisher was at one time editor of the Statist and later the governor of the London School of Economics. From 1914 to 1918 he was adviser to the Chancellor of the Exchequer and the British Treasury on financial and economic questions. He is the author of many books.

Following his stay in Los Angeles Mr. Fisher will return to San Francisco. He expects to sail for England late in April.

the Bank of Italy not only means continuing operation within the Federal Reserve System, but also insures for the customers of the institution the full benefit of those advantages conferred upon National Banks by congressional enactment.

The Bank of Italy has long ranked among the Nation's foremost banks both with respect to its aggregate resources and invested capital. The Executives of the institution have therefore accepted nationalization believing the time is now ripe to assume the responsibilities that attach to the prominence which the Bank of Italy holds in this country and abroad.

Through this action it is certain that California will gain added prestige; and as an institution operating exclusively in California, covering its important communities from the Oregon line to the Mexican border, the Bank of Italy cannot be unmindful of whatever may redound to the benefit of this great State.

As a member of the National Association, the Bank of Italy will continue to serve the people of California, seeking always to provide the greatest measure of banking convenience and attending with genuine interest to the needs of its customers.

# SCOTMAN IN SCOT CASE

## Asserted Companion of Realty Man in Purported Attack on Wife Seized

Police yesterday arrested Mrs. Elizabeth Mattox, 48 years of age, at 101 North Kingston Drive, and were sending her to Judge Lewis Lee's Court to stand trial tonight in the mysterious case, also known as the Scott case, in which the companion of William L. Scott, also under arrest for an assault on a woman on the 10th floor of the Scott Hotel, was seized last week during Mrs. Scott's last visit by police. Mrs. Scott was said by police to have been robbed of valuable jewelry.

Avid woman Druggist and Detective Smith arrested Mrs. Mattox on information from friends of Scott. She had run a canteen for Scott's property charges against Mrs. Scott, which followed recent divorce proceedings, were continued yesterday. She was arrested on a warrant which, in fact, when her attorney, Albert Lucas, and a physician testified that the defendant was unable to be tried because of serious injuries which she declares she suffered at the hands of Scott.

Mrs. Scott informed officers following her arrest that she was followed by a woman who she said she heard woman urge Scott to "Cough her a cut!"

The attack was provoked, officers declared, when Mrs. Scott declined to sign a community property agreement. It occurred Friday night at the Scott Hotel, in the rooming house Mrs. Scott's home at 387 Berman street. Scott, a real estate and insurance owner, was arrested the same night.

Mrs. Scott was granted a divorce from May and was awarded community property valued at \$20,000.

## SCOTMAN HAS STORMY SCENE

(Continued from First Page)

Whether the extra work was necessary. The session will be resumed Wednesday night at 7:30 p.m.

George Ferris, secretary of the Board of Public Works, said he was a surprised witness at the beginning of the hearing.

Ferris declared that orders for the erection of concrete for the extra work in the "extras" had been agreed by the City Engineer despite the fact that American Bridge, which was the contractor, had hesitated to follow out the instructions of the Board of Public Works, and had insisted upon written instructions.

The clerk of the board read previous testimony of E. H. Hook, Public Works Inspector. Hook was cross-examined by the City Engineer, by Assistant City Attorney Whitehead.

SHANGHAI, March 2. (AP)—Defen  
of this city, rich military pri  
against the Nationalists was left  
entirely in the hands of t  
Shantungese by the complete  
General of Marshal, Sun Ch  
Shang's forces from Shungiang  
the Shanghai area.

Collapse of Sun's defense follow  
defection yesterday of one of  
Shantungese, Meng Chao-Tuey, who  
to ally with the Shantungese  
recently came to Sun's aid.

As a result of the new developmen  
Shantungese are pouring in la  
Shantungese in Shanghai, twent  
miles south of here, to fill t  
left by the disorganized  
forces.

PEKING, March 2.—American blue  
jackets in two more instances ha  
held United States treaty rights  
the Yangtze districts, but in co  
not until Nationalist troops ha  
transported many miles  
commandeered American steamers.  
At Chungking, Chinese boarded t  
owner Clifton of the Yangtze  
River Company, a vessel that wa  
being held for the evacuation  
rich and American from Hunan  
Province. On their refusal  
the ship the bluejackets fired  
a gunboat. Monocacy boarded t  
Shanghai and, after a rough-sh  
fight, ejected all the Chinese  
further trouble at Ichang  
the situation also is bad. t  
Shanghai is taking the refugees  
to Hankow and, if possible,  
Shanghai.

Chinese troops commandeered the  
vessel of the Standard Oil Compan  
New York at Shanghai last, aft  
the crew refused to navigate the  
of the vessel were abandoned  
to third vessel, the Hanchung, w  
commanded by 100 soldiers and co  
to proceed toward Hankow.  
Shanghai. The Hanchung is now  
and took it alongside the steam  
where bluejackets from bot  
were ejected the soldiers, but he  
the rifles and much ammunition.  
The radical element of the Canton  
Nationalists has launched a deta  
campaign for the removal of  
the moderates who are now in co  
of South China. Under t  
direction of the Russian adviser,  
Gavurin, the radicals are pe  
maintaining as the Hankow govern  
ment.

As a result, Gen. Chang Kai-shi  
form a new government at Nan  
with a following which op  
for the elimination of  
Gavurin and his influence. As  
of demonstrating their so  
erty, the radicals called on bot  
at Hankow during which t  
lights, telephones, water  
supply.
